FACILITATED BY:
Phil Laing
Certified teacher for Drunvalo Melchizedek's School of Remembering®.

Philip Laing is an authorized teacher of Drunvalo Melchizedek's new workshop, *Awakening the Illuminated Heart®.* In the Awakening the Illuminated Heart® workshop, additional information and new discoveries that previously were not included in the original Flower of Life material are introduced in a direct and powerfully experiential way.

The purpose of the workshop is to give the participant knowledge and tools that will prepare them for the process some call the Ascension or the Great Shift. In this evolutionary jump in human consciousness, knowledge alone will not allow us to make this jump personally or collectively. One must begin to remember their true nature, beyond the ego and beyond the illusory world of form.

Therefore, in a step by step journey, we introduce concepts that are then practiced through successive, fun and experiential exercises through one's feeling self, not through the intellect of the mind alone. The simple procedures that are followed allow an inner shift to occur that enables a vibratory reconnection, not only to their own heart, but the heart of Mother Earth and heart of Creation as well. Information will be discussed and shown that explains why we must be in vibrational alignment with the Earth as she makes her Great Shift to a new way of being. Are you ready to experience who you *REALLY* are?
